Reference for **Robin Delves**

17/08/03

To whom it may concern.

Robin joined the classic 12mR class (L.O.A 22 meters) racing yacht **S/Y Flica II** and her support vessel, the classic 15 meter **M/Y Orn** in March 2000.

Within a short time of his arrival onboard, Robin progressed quickly from a deckhand to the position of mate.

Over the last four years Flica II has been involved in an extensive race program in Europe, England and Scandinavia. Robin proved himself in that time, to become an invaluable member of the yacht's racing crew. He has an excellent grasp of sailing and the importance of communication within a team.

As a result of the on going racing program, Flica has built up an enormous mileage in the last few years. Robin has at all times excelled in his duties as a competent, diligent and skilled watch leader. Further to this I would like to point out that Flica II has no engine, which, of course, adds greatly to the responsibility and awareness of delivering her from place to place. The yacht has been, on many occasions, delivered by truck to various destinations, from this he has gained a lot of experience in the dismantling and handling of the boat, in and out of the water.

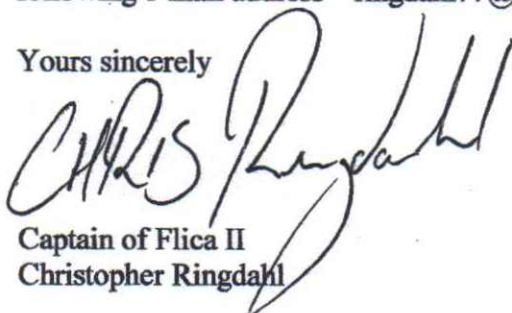

At the end of each season, Flica II has been through a period of restoration. Robin's contribution in his research and practicality towards these times has been exemplary. He willingly embraced the responsibility of organising and delegating anything up to fourteen day workers at any one time. Amongst many other duties, he was responsible for stock ordering, recording the workers hours and calculating the wages to be provided. Along with this I could always rely on his skilful abilities in maintaining the yacht to a meticulously excellent standard.

Robin has a cheerful, polite and outgoing personality, which has always been appreciated by myself, the owner of the yacht and the crew. He has in the last four years played a key part in creating Flica II into the fun loving, beautiful and prestigious yacht she is today.

I have absolutely no hesitation in recommending Robin whole heartedly for a position on any vessel or otherwise. I wish him all the very best for the future. There will always be a position available for him on S/Y Flica II.

If you should wish to discuss Robin further please feel free to contact me personally at the following e-mail address – ringdahl77@yahoo.co.uk

Yours sincerely

Captain of Flica II
Christopher Ringdahl
